WATER SYSTEMS

Pure Water Begins Here

DR Series System

Whole House Water Softener

Whole house scale prevention by removing water hardness. Filtered, clean water for all your needs.

- Prevents scale deposits to protect your plumbing system and appliances
- Reduce incoming water hardness to less than 1 grain per gallon
- Effective chlorine reduction
- Use up to 50% less cleaning products
- Clean, filtered water at every faucet in your home
- Protection from chemicals, heavy metals, odors, tastes and impurities
- Clean water for bathing and food preparation
- Fully automatic system
- Uses either Sodium Chloride or Potassium Chloride salt
- Unit will be sized based on the size of the plumbing system in the home
